Home Schools and/or Schools Not Meeting Approval and Accreditation
Regulations

Students in Nebraska may choose to be educated at a home school that meets the requirements of statute and the Nebraska Department of Education. The board of education encourages the parents and guardians of all school-age children who reside within the school district to enroll them in the public school or an approved or accredited private school so they may benefit from a well-planned education program and the socialization of a group environment.

The school district's administration will inform the appropriate agency of the names of all students who are school age and known not to be in attendance at a public, private, or parochial school that has met the requirements for legal operation prescribed in statute and the rules of the Nebraska Department of Education.
